

**Press Release dated 11<sup>th</sup> April 2011**

**NUCLEAR POWER CORPORATION OF INDIA LIMITED**  
**Provisional Results for the year ended 31<sup>st</sup> March, 2011**

**Highlights**

**Operational Performance**

- Record generation of electricity at 26472 MUs - an increase of 40.8 % over generation of 18,798 MUs during 2009 – 2010.
- Increased capacity factor at 71 percent - as compared to a capacity factor of 61 percent for 2009 – 2010.
- Increased installed capacity - 4780 MWe as at 31.3.2011 - as compared to 4560 MWe as at 31.3.2010.

**Financial Performance**

- Total Revenue up by 52 % at Rs 6820 crores ( previous year Rs 4479 cr)
- PAT up 200 % at Rs 1248 crores ( previous year Rs 416 cr)

**Unaudited Financial Summary**

(in Rs Crore, except as stated)

	<b>Year ended 31.3.2011</b>	<b>Year ended 31.3.2010</b>	<b>Change %</b>
Net Sales / Income from operations	5966.31	3806.82	56.77
Other income	853.55	672.53	26.92
Total expenditure	5292.58	4005.30	32.13
Profit before Tax	1527.28	474.05	222.18
Profit after Tax	1248.29	416.41	200.00

**Operational Performance**

During the year, the Company achieved its highest ever generation of 26472 Million units of electrical energy, which was about 40 % higher than previous year. Fuel availability constraint, which had resulted in lower capacity utilization during previous several years,

has been reduced considerably, thereby resulting in considerably higher generation. Further, during the year, the commercialization of the 220 MWe capacity Unit 4 at Kaiga, and the completion of EMCCR activities at NAPS have also contributed to the increased production.

The capacity factor also increased to 71% for the year, as compared to 61 % for the previous financial year.

Unit TAPS-2 established a new record of continuous operation, by running for 590 days continuously.

Units MAPS-2, KAPS 1 & 2, RAPS 3 & 4 and KGS 1 & 2 clocked more than a year continuous operation.

### **Financial Performance**

Provisional Revenues and net profit (after tax) for the year ended 31.3.2011 are Rs 6820 crores and Rs 1248 crores. Income increase is around 52 % compared with the previous year. The increase was primarily on account of higher availability of fuel and improved efficiencies.

Efficient treasury management has resulted in lower borrowing cost, and higher return on investments. Other income for the year has increased to Rs 853 crore as compared to Rs 672 crore for the previous year.

The additional capacities and improved efficiencies are expected to result in better financial results during the current year.

### **Liquidity and investment**

The Company follows a conservative Investment Policy and invests in high quality Debt instruments in Fixed Deposits with Banks. As on 31<sup>st</sup> March 2011, an amount of Rs 8903 crores was invested fixed deposits.
