

## Conference & Exhibition in PMI India, Research and Academic Conference at NICMAR (Pune)

NPCIL participated in the PMI India, Research and Academic Conference at National Institute of Construction Management and Research, Pune during December 9-10, 2011. Shri K B Dixit, ED (E&P) was Distinguished Guest of Honor in the conference. He addressed the inaugural session of the conference bringing out NPCIL's strengths in project management as well as highlighting safety aspects of nuclear energy. An exhibition stall was also put up at the venue of the conference. The delegates, professors, guests and students (about 800 persons) visited the stall.

In addition to the graphic displays, a working model of NPP was available at the NPCIL stall to explain working of NPP's as well as allaying fear about radiation, safety etc. Several NPCIL publications and CD's were also available at the stall for the visitors to take away. Some publications and CD's were also distributed to the library of the host institute for future reference by the students and faculty.

A few photographs of the above program given below;
