

**DETAILS OF WORKS / CONSULTANCY / PURCHASE CONTRACTS AWARDED ON NOMINATION BASIS**  
**2ND QUARTER OF 2024 - 25 (JULY 2024 - SEPTEMBER 2024)**

**DETAILS OF WORKS / CONSULTANCY CONTRACTS**

(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
Sr. No.	Description of Item	Cost (Rs. in Lakhs)	Name of the Agency	Contract Period	Reason for nomination	Approving Authority	UNIT
1	<b>Name of the Work:</b>  TAPS Unit#1 & 2 HP Turbine rotor refurbishment work.	<b>Estimated Cost:</b>  3,677.04	M/S. TRIVENI TURBINE LIMITED.	12-08-2024 TO 08-01-2025.	<p>Nomination Tender (Works contract as per HQI 2001-R/6) :-  M/s. Triveni Turbine Ltd. is a leading Turbine manufacturer &amp; has got wide experience for manufacture of parts, repair &amp; high speed balancing. They have got manufacturing capacity of 350 turbines per year and has state of art technology for development of turbine blades through reverse engineering. M/s. Triveni Turbine Ltd. is in the business of modernization of control system, overhauling, health assessment, high speed balancing, replacement of rotor hub &amp; blades, supply of spare parts etc for TG sets. This gives confidence that they can execute the proposed refurbishment works in a time bound manner meeting the station outage schedules.</p> <p>M/s. Triveni Turbines Ltd has performed detailed dimensioning and extracted all the details required for reverse engineering, manufacturing and supply of rotor discs after dismantling all the hubs of TAPS#2 HP rotor. If we decide to procure hubs along with blades from any other agency at this stage, then all the activities of dimensioning, engineering etc will have to be repeated by the new vendor and only after these activities; hub forgings can be procured. This will lead to delay in the execution of the TG works. Moreover this will also result in guarantee related issues among the agencies who are supplying hubs/ blades etc.</p> <p>In case of TAPS#1 HP rotor work and supply of hubs along with blades is awarded to a new vendor, this may result in delays due to repeat in scope of works such as dimensioning, fabrication of tools, tackles, sharing of available station resources etc; whereas such delays can be reduced if M/s Triveni is awarded the TAPS#1 HP turbine work as they are already having the engineering details and knowhow required from the ongoing TAPS #2 turbine rotor refurbishment works.</p> <p>If contract has to be placed on other than nomination mode, it may normally take 90 days after FS approval. However, on nomination basis, it can be done in 30 days. As reactor will be available by Oct 2024; this delay of 60 days per unit will cause loss of revenue amounting to Rs 109 Cr (both units at 80% CF considering tariff of @ Rs 2.9583 per KWhr). Hence, nomination mode of tendering is the best suitable option in the current scenario.</p> <p>Mode of tender i.e. nomination basis has been approved by CMD as per e-Note/NPCIL/2024/9194 dt. 04.05.2024.</p>	CMD, NPCIL for mode of tender and BSC for re-appropriation of FS.	TAPS 1&2, TMS

3	<b>Name of the Work:</b>	<b>Estimated Cost:</b>	M/s. Sterling Technical Services India Pvt., Ltd, Office No. 407, Shelton Cubix, Plot No. 87, Sector 15, C.B.D Belapur, Navi Mumbai-400614	06 Months	As per Administrative Approval No.eNote/NPCIL/2024/16604 dated 02.08.2024:- The contract awarded to M/s ICICI Lombard, L1 bidder for only tail end marine insurance cover excluding cost towards Marine Warranty Survey Services (MWS). MWS fee must be handled and settled separately between the insured (NPCIL) and MWS, at the cost of the insured (NPCIL). Sterling Technical Services (STS) will be the MWS for ODC, OWC, and Critical Cargo consignments. The pool mandated that the Warranty Survey Services (MWS) shall be done by M/s Sterling Technical services.  Accordingly the present proposal has been initiated by obtaining quotation from M/s.Sterling Technical Services India Ltd., Mumbai as the MCET (Marine Cargo Exclusion Territory) pool mandated that the Warranty Survey Services (MWS) shall be done by the said agency. Based on present scenario, marine warranty survey for insurance being service nature the above said scope of work shall be called for Nomination basis under Service contract as per HQI-2015(R-1) out of GeM mode. M/s Sterling Technical services provides warranty and consulting services throughout the course of transportation of project cargoes right from the manufacturer's shop floor to the consignee's erection site. With extensive experience in project cargo shipments involving various modes of transports / handling, barging, road transportation, sea going vessels, heavy lifting operations, jacking operations. M/s Sterling Technical services can supplement the operations team in ensuring successful transportation. M/s Sterling Technical services executed marine warranty services for NPCIL in earlier marine insurance policies through various insurance companies. Services of M/s Sterling Technical services were satisfactory and readily available.  In view of the above, this work was awarded to M/s Sterling Technical services on nomination basis (out of GeM) for 6 months	<b>Project Director, KKNPP-3&amp;4</b>	<b>Kudankulam</b>
	Services of marine warranty survey for RF supply consignments on nomination basis.	25.58
