The Hindu is a much respected newspaper. It is highly objectionable to see such baseless, speculative and erroneous news reports in your newspaper. Such news results into rumour mongering and disseminating misinformation and confusion. We request you kindly provide necessary corrigendum in this respect in your newspaper.

" The deputation of the NPCIL officials to its Representative office in Moscow and their return back to India, is a routine matter. The official whose name is mentioned in the news report was deputed to Moscow two years back and since then returned in August 2012 and presently working in KKNPP. The news is published without verifying the facts from NPCIL's authorized officials. "
